Form completion guidelines

1. Customer

Killick's direct customer must complete End Use Statement form.

2. Ultimate End User

The entity receiving and ultimately using the exported item. The Ultimate End User is not a forwarding agent or intermediary. The Ultimate End User may be a Maintenance Repair Organisation and/or an Operator.

3. Application

Aircraft tail no. and/or MSN details, aircraft type, engine serial no., engine type, etc. Please submit as much detail as possible.

4. Destination

Full Ship-To address information, including detailed freight forwarder/courier information, shipping account details, contact information.

The Destination may also be the shipment's Ultimate (final) Destination. In this case, the information provided is duplicated in Section 5.

5. Ultimate Destination

The final destination of the shipment at which the Ultimate End User receives the exported item.

6. Statement

Once full and accurate information is provided, the Statement is signed, dated and stamped for review by our Compliance Review Committee.
